Professional Experience

FLCCC, 2022 TO PRESENT, DIRECTOR OF SCIENTIFIC RESEARCH

I gather and analyze data from studies and compose reports on clinic topics of interest. I make recommendations and participate in protocol-building and updating in collaboration with the Chief Science Officer and Chief Medical Officer.

DRBEEN, CLINICAL DIRECTOR/CONSULTANT. 2019 TO PRESENT.

I work closely with the CEO in strategic planning and guide the CME team. I curate CME packages targeting primary care clinicians. I collect, evaluate, and analyze data for topics related to outpatient care for lectures planning for drbeen.com.

NORTH BEND MEDICAL CENTER, INTERNAL MEDICINE, 2020 TO OCT 2022

Endocrinology and Psychiatry were two focuses of my daily practice. My approach to health is **integrating conventional with alternative medicines, such as functional and Chinese medicine.** I manage a wide range of conditions, such as T1DM, T2DM, Hashimoto's disease, Grave's disease, hypothyroidism, hyperthyroidism Addison's & secondary adrenal insufficiency, depression, anxiety, bipolar I & II, ADHD, and schizophrenia daily. I managed insulin pumps and provided pre & post-procedural consultation for patients with GI complaints who may undergo EGD and/or colonoscopy. Furthermore, I provide pain management, trigger point injection, occipital injection, chronic HVC treatment, weight management, and minor office procedures.

In addition to direct patient care, I also serve as a preceptor for medical students and other healthcare professional trainees.

WATERFALL CHC, PRIMARY CARE PROVIDER 2016 TO 2020.

I provided care to under-served populations as a primary care provider. My daily practice included managing endocrinological conditions, such as T1DM, T2DM, hypothyroidism, and hyperthyroidism. Furthermore, I managed depression, anxiety, bipolar I & II, ADHD, and

schizophrenia daily. I assessed, diagnosed, and managed acute and chronic conditions across lifespans, particularly in adults and elders. In addition, I provided pain management, trigger point injection, occipital injection, chronic hep C treatment, weight management, and minor office procedures.

CHIEF MEDICAL OFFICER, WATERFALL HEALTH COMMUNITY CENTER, FEDERALLY QUALIFIED HEALTH CENTER, FAMILY/INTERNAL MEDICINE, 2016 TO 2019 JAN 31.

I provided leadership to the medical team, chaired Quality Improvement Committee, directed in-house laboratory and dental service, audited peer reviews and quality measure initiatives, collaborated with external specialists, recruited and trained medical providers, and composed various policies and protocols based on the most updated pieces of evidence, engaged in organizational strategic planning, managed day to day medical operations, etc. During my service as the CMO, I also provide direct patient care 20-30 hours a week.

JOHNSON'S FAMILY/INTERNAL MEDICINE, FAMILY NURSE PRACTITIONER/CLINIC MANAGER, 2015 MAY TO DEC.

I provided care to under-served populations as a primary care provider. Well-versed in psychiatry, in which I managed depression, anxiety, bipolar I & II, ADHD, and schizophrenia daily. I assessed, diagnosed, and managed acute and chronic conditions across the lifespan, including women's health and pediatrics. In addition, I provided pain management, trigger point injection, weight management, and minor office procedures.

WOUTHWEST&MAUMELLE FAMILY/INTERNAL MEDICINE, FAMILY NURSE PRACTITIONER/CLINIC MANAGER, 2013 MAY TO 2015 MAY.

In addition, to serve as a primary care provider for an under-served population, I managed the clinic business, building a new clinic from the group and accumulating about 1000 patients within a year. I trained staff (MA and nurses) and precepted nurse practitioner students.
